New English school Jr. College   71.85%

2019 - 2023
ENGINEERING (EXTC)
Vidyavardhini's College of Engineering and Technology   75.26%

LANGUAGE

- Marathi
- English
- Hindi

PROFILE INFO

My career objective is to hone my skill to its fullest and utilize my knowledge to earn myself respect as well as to contribute the best of my skills to the country. Smart working and analytical skills.

PROJECTS

Sensor-Based Stabilized Car with Obstacle Avoidance using Arduino   **2020**

The system was programmed using Arduino IDE where Ultrasonic Sensor was used to detect obstacles The system was made of four wheels which worked on different motors.

FPGA Simulation of Soda Vending Machine   **2022**

Simulation using Numato- Xillinx with the help of FPGA Board using FSM State Diagrams.

WET WASTE MANAGEMENT   **2023**

Industry Project to segregate plastic from wet waste

MY SKILLS & EXPERTISE

Logical reasoning — 65%

Basics of Java and Python — 65%

Problem-Solving — 65%

Fast learner — 70%

Computer Literacy — 75%

Documentation — 65%

ACHIEVEMENTS

Treasurer Of VCET IETE   **(2022-2023)**

Treasurer Of VCET TEXAS   **(2022-2023)**
